

Certificate of Analysis

Triethyl Citrate

INCI: Triethyl Citrate
Batch No.: IN-EVI-1794-KR

Parameter	Specified Value	Result	Remarks
Appearance	Colorless oily liquid	complies	Visual assessment @ 20 °C
Odor	Odorless	complies	Organoleptic
Purity	Min. 99.0 %	99.8 %	GC
Refractive Index	1.439 – 1.445	1.441	@ 25 °C
Specific density	1.13 – 1.14	1.14	@ 25 °C
Water content	Max. 1.0 %	0.2 %	Karl-Fischer-Titration
Acidity	Max. 0.02 %	0.01 %	Citric Acid
Ethanol Content	Max. 10 mg/kg	complies	GC

This Certificate of Analysis does not release customers from their responsibility of own quality management and testing when processing our products. The shelf life date refers to our standard specification and assumes appropriate storage conditions in sealed original containers.

This information and our technical application advice are given to the best of our knowledge but are for information only and without responsibility.
